

Everybody's got a song to sing, a story to write, & a plot to act out. Why not <u>make your drama the next best seller?</u> You are the boss of your own destiny.	Life is too short to be miserable. If you can't laugh at yourself, call me and I'll <u>laugh at you.</u>	Don't let today's disappointments dim the light on tomorrow's promise.
This too shall pass.	There is happiness to be found in every moment.	Why give up on life cause of a few bad days when you still have so much life to <u>live?</u>
Happiness doesn't result from what we get, but from what we give.	Say yes and you'll figure it out afterwards.	Life is a one time offer. Use it well.
You are your own best advocate.	Everything is just inside your head.	You have something special to offer the world.
Sometimes a sure thing is not the best thing.	The only way to fail is by not trying,	You are your most important relationship.
Nobody has it all figure out.	Being patient doesn't mean doing nothing.	Deferring happiness to the future is a bad idea.
Too many people undervalue what they are & overvalue what they aren't. <u>Don't be one of them.</u> You were given this life because you are strong enough to live it.	You don't need to have all the answers to move forward.	Always walk through life as though you have something new to learn and you <u>will</u>
Stop putting so much pressure on yourself. You're doing the best you can.	At first they'll ask you why you're doing it. Then they'll ask how you did it.	We must be willing to let go of the life we planned to have the life that's <u>waiting for us.</u>
There's a voice that doesn't use words. Listen.	You can't fail if you don't quit.	Never give up on a dream because of the time it will take to accomplish it. <u>The time will pass anyway.</u>
Life is tough darling, but so are you.	Give up on all hope of a better past. Instead, invest in the hope of a better <u>future.</u>	Take a deep breathe. It's just a bad day. Not a bad life.
It's never too late to be what you might have been.	A closed fist never receives a helping hand.	Life does not get better by chance. It get's better with change.
Even if you fall on your face you're still moving forward.	Life is short. Don't be lazy.	It's always too early to quit.
Act as if what you do makes a difference. It does.	It might take a year. It might take a day, but what's meant to be will always find <u>a way.</u>	It always seems impossible until it's done.
Go the extra mile. It's less crowded there.	Go for it now. The future is promised to no one.	The secret of getting ahead is getting started.
Don't let what you can't do interfere with what you can do.	What you do today can improve all your tomorrows.	There is always room at the top.
At the end of the day, let there be no excuses, no explanations, no regrets.	The more you do, the more you can do.	The only person you are destined to be is the person you decide to become.
No matter how hard the past you can always begin again.	You may have to fight a battle more than once to win it.	Build your own dreams or someone else will hire you to build theirs.
	You become what you believe.	Your mistakes don't define you.
	Hey there fighter. Soon things will be better.	Don't think you are. Know you are.
