

You're not here to be average. You're here to be awesome.	When life gets blurry adjust your focus.	Hustle till you no longer need to introduce yourself.
Don't wish for it. Work for it.	Don't be ashamed of your story. It will inspire others.	You didn't come this far to only come this far.
Expect nothing. Appreciate everything.	We have tomorrows for a reason.	Be good to yourself.
Sometimes following your heart means losing your mind.	Your legs are not giving out. Your head is giving up. Keep going.	Do what you have to do until you can do what you want to do.
Be your own kind of beautiful.	Failure is success in progress.	Clear your mind of can't.
Dream. Believe. Do. Repeat.	You can handle whatever comes your way.	You have the same amount of hours in the day as Beyonce.
If you ran like your mouth, you'd be in good shape.	Remember, it's always better to look up.	Rock bottom is the solid foundation in which you can rebuild your life.
Believe what your heart tells you.	If you're sick of starting over stop quitting.	You can't change the past but you can change the future.
Happiness is homemade.	Take it easy. Everything happens when the time is right.	Push yourself cause no one else will do it for you.
The world can be amazing when you're slightly strange.	Don't be the same. Be better.	Today is the perfect day to be happy.
Give everyday the chance to be the most beautiful of your life.	Admit when you're wrong. Shut up when you're right.	Be happy with what you have while working for what you want.
Imagination is the only weapon in the war against reality.	Don't make it more complicated than it needs to be.	If your dreams don't scare you they're not big enough.
Do something today your future yourself will thank you for.	Stop underestimating yourself. You are capable of amazing things.	Life is as complicated as you choose to make it.
When we hit our lowest point, we are in for the greatest change.	There is no substitute for hard work.	Let go of the thoughts that don't make you strong.
Don't be afraid to start over. It's a new chance to rebuild what you want.	To give anything less than your best is to sacrifice the gift.	You are the only person on this earth who can use your ability.
You can. End of story.	Your body won't go where your mind won't push it.	You are one in a million.
Those who don't jump will never fly.	Before challenging others, challenge yourself.	The question isn't why you, but why not you.
Beauty begins the moment you decide to be yourself.	Comfort is the enemy of achievement.	When you tolerate mediocrity you get more of it.
There's no need to rush. What's meant for you always arrives right on time.	Lessons in life will be repeated until they are learned.	Believe in yourself and you will be unstoppable.
