

It doesn't work unless you do.	Feel the fear and do it anyway.	If you're not proud, you're not done.
No matter what, your good heart will always make you beautiful.	Be proud of who you are, and not ashamed of how others see you.	When life knocks you down, roll over and look at the stars.
Be patient. Sometimes you need to go through the worst to get to the best.	Fall in love with your life.	Happily ever after isn't a fairytale. It's a choice.
Life is art. Paint your dreams.	Today isn't just another day. It's your chance to create something beautiful with great love	Trust the timing of your life.
It's not just a daydream if you decide to make it your life.	If you're not working towards something you love, you're wasting your time	Love yourself as much as you want to be loved.
Live less out of habit and more out of intent.	Nothing is out of your reach.	Find your light and let it shine.
Don't die before you're dead.	You could make a wish or you could make it happen.	Today is the best day until tomorrow.
Start each day like it's your birthday.	Keep looking up. That's the secret of life.	You may not be there yet, but you're closer than you were yesterday.
One small positive thought in the morning can change your day.	Stop waiting for everything to be perfect. You have what you need now.	Do it today and be proud tomorrow.
Never let the things you want make you forget the things you have.	Yes, you are worth it. Forget what they say.	Everything is just inside your head. Stop worrying.
Be patient. The best things happen unexpectedly.	Don't try to understand everything. Sometimes it's not meant to be understood, just accepted	Your beauty runs far deeper than the surface.
Regardless of how crooked or broken, your smile can light a moment. Share it with the world	Don't forget to love yourself first.	You are a force to be reckoned with. Take advantage of it.
You shine like the light from the sun.	Don't wait for the perfect moment. Take the moment and make it perfect.	Your voice can make a difference. Put it to use.
Your rhythm may not always be on beat, but be proud you never stopped moving	You don't have to be perfect to be beautiful.	You're still beautiful even if you have 2 left feet and your jeans don't fit.
Be your own kind of beautiful.	Make today the start of something amazing.	Great love starts with you.
There's no right or wrong way to love as long as it's genuine and comes from the heart	Imperfection is beautiful.	Beauty begins the moment you decide to be yourself.
Be your own beautiful self. Everyone else is taken.	Pain is temporary. Quitting is forever.	Own your strength.
Be the light people look to in the dark.	Remember, sometimes not getting what you want is a stroke of luck.	We could be perfect, but that would be boring.
Small things become great things when done with love.	Be unstoppable.	If you want to fly, you must give up what's holding you down. Today is the day
