

Everything is magical when you see it with your heart.	Make today ridiculously amazing.	Life does not need to be perfect to be wonderful.
The best view comes after the hardest climb	Think less. Live more	Love doesn't make the world go round. it's what makes the ride worthwhile.
You never lose. You either win or you learn.	Think positive and positive things will happen.	It's never too late to change your life.
You are a champion. Act like it.	Limitations live only in your mind.	Whatever you want to do, do it. There's only so many tomorrows.
You weren't put on this planet to be like everyone else.	No beauty shines brighter than that of a good heart.	You are fabulous.
Go the extra mile. It's rarely crowded.	Don't go through life so fast that you forget to smell the roses.	As long as you're alive there is hope.
Let whatever you do today be enough.	I hope you feel beautiful today. In case you don't, you are.	By being yourself you put something wonderful in the world that wasn't there before.
Don't deny who you are by trying to be who you aren't.	Be easy on yourself. You're doing the best you can.	You can. You are. You will.
A year from now you'll wish you started today.	Be happy. It drives people crazy.	Allow yourself to unfold at your own pace.
You may not do everything right, but you also don't do everything wrong.	Forgive yourself for your mistakes.	Nothing can bring you peace but yourself.
If stars can shine with darkness, so can you.	Wake up and smell the inspiration.	Don't let small minds convince you that your dream is too big.
You will get there, but only if you keep going.	You have the potential to make beautiful things.	Be open to whatever comes next.
You create your own opportunities.	Make the day as beautiful as your soul.	Don't quit your daydream.
One day can change everything. Make today that day.	Be kind to unkind people. They need it most.	Perfect is the enemy of good.
Seek someone worthy of your love.	Failure isn't opposite of success. It's part of success.	Just relax. Nothing is under your control.
Astonish the world with your kindness.	Love is why we are here.	Always be true to yourself.
You are loved.	Everyday is a second chance.	You will never regret being kind.
Worry is the negative use of imagination.	What is done in love is done well.	If you saw the size of the blessing coming, you'd understand the magnitude of the battle.
You move with grace.	Fall in love with the process and the results will come.	Mistakes have the power to turn you into something better than you were.
